### Department of Geography/Geology

#### Report on Field Tour (2020)

The department has always endeavors to provide best learning environment to students that foster knowledge, skills and experiences that prepare for them for life in an ever-changing world. In this regard the department has been organizing various Field tours that provide learning opportunities for students. Moreover, the conduction of Field tours by the students of Geography and Geology is mandatory for them as it is prescribed in their syllabus.

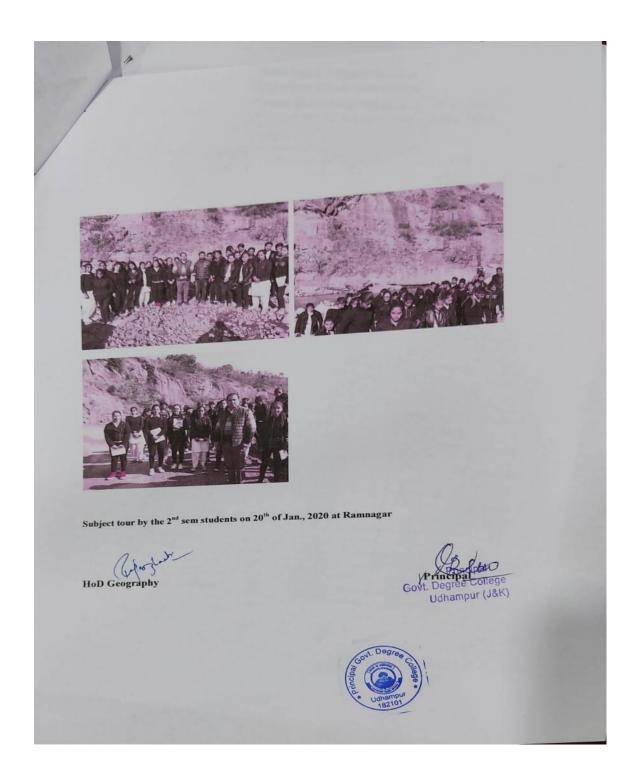

On 30th of January 2020, the department of Geography and Geology conducted a field trip to Ram Nagar area vides order No.: UCB/2020/10726, dated: 29/01/2020. The students of II sem. took part in it under the supervision of HOD Rajan Bharti and Ravi Sharma (Lect.).

The main purpose of this trip was to acquaint the students with the geological landscape of Ram Nagar belt.

The tour started from GDC Udhampur. The Udhampur town lies between the Shiwaliks and the Lesser Himalayas. It lies on the northern limb of Saruin-Mastgarh anticline. Upper Shiwaliks are well exposed there. The first site inspected was Tawi river where there was a sharp contact between sandstone and mudstone. The next site was Kuh Nallah. There is a sharp contact between Middle Siwaliks and the Murrees. Landslides are very much common in the area. Various types of boulders were exposed in both the nallas which consists of Granites, Syenites, Quartzite etc. Quartz, Calcite, Fluorite minerals were also found there.

The last site was near Ramnagar where Lower Siwaliks consisting of sandstone and mudstone were exposed. There was a sharp contact between Sandstone and Mudstone Landslides were also frequent there. About 50 students Students learned a lot from this trip and noted all the details. Students were instructed to prepare a well furnished report of the field trip.
